

LUPP + PARTNER

Munich, 10 August 2020

DR. THOMAS KRAWITZ JOINS LUPP + PARTNER

The experienced private equity lawyer Dr. Thomas Krawitz joins Lupp + Partner as partner with effect from 1 October 2020. Thomas will mainly work from the Munich office of the firm.

Prior to joining Lupp + Partner, Thomas was a partner at US law firm Kirkland & Ellis. He had moved there from German top tier firm HengelerMueller, for which he had also worked in their London office.

The arrival of Thomas successfully continues Lupp + Partner's growth strategy. Only recently renowned M&A expert Dr. Nikolaus Schrader had joined the firm with a group of senior corporate lawyers. Thomas strengthens the firm's presence in the private equity market with his extensive private equity specific expertise and his diverse contacts into the industry. His international background and experience perfectly fit the firm's strategy and client structure.

Lupp + Partner is a transaction boutique founded in 2015, which primarily advises private equity investors, strategic investors and family offices. From offices in Munich and Hamburg, the firm works for national and international clients throughout Germany. It focuses on technology-driven transactions, both in the "old" and the "new" economy. As an integral part of transaction consulting, Lupp + Partner also has specialised teams in the real estate and venture capital sectors.
